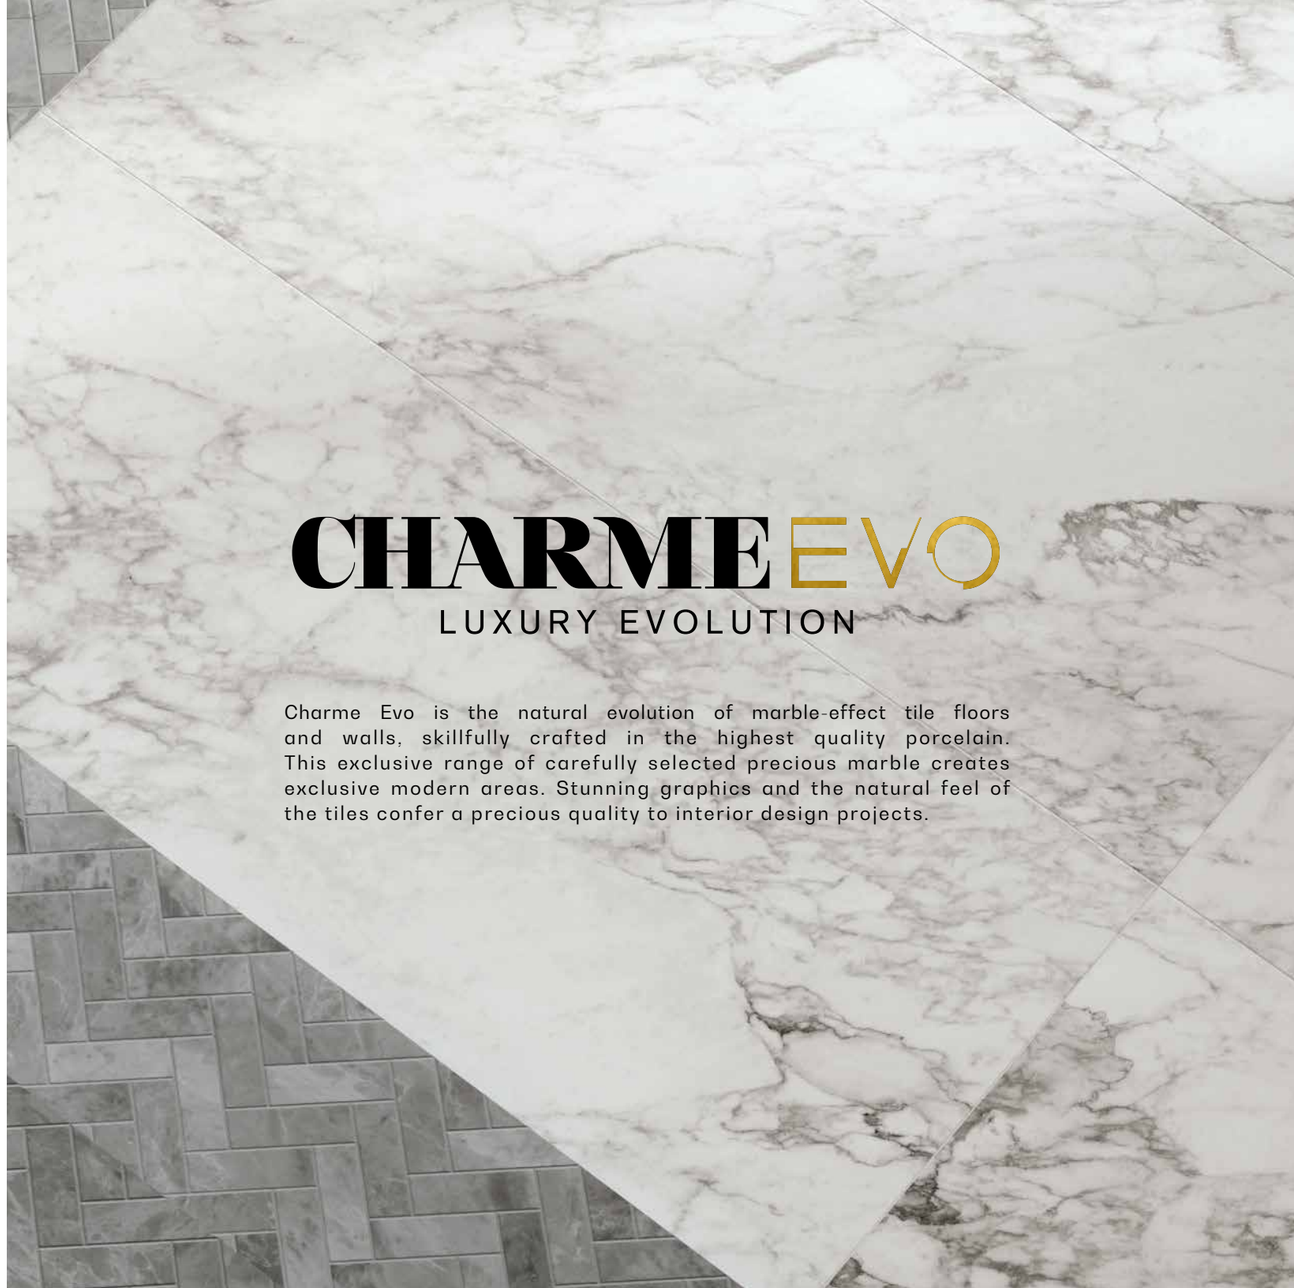
# CHARME EVO

LUXURY EVOLUTION

"Precious" is gathering of porcelain tile collections that interpret precious and elegant materials. Prestigious, pure, enchanting, the surface meets contemporary and classic architectures exalting their style and elegance. The decorative power of the graphics and colors ensures impressive results for breathtaking projects.



# CHARME EVO

## LUXURY EVOLUTION

Charme Evo is the natural evolution of marble-effect tile floors and walls, skillfully crafted in the highest quality porcelain. This exclusive range of carefully selected precious marble creates exclusive modern areas. Stunning graphics and the natural feel of the tiles confer a precious quality to interior design projects.

# Where elegance meets **performance**

Produced from porcelain of the highest quality with its **superior performance**, Charme Evo is the ideal solution for decorating the **walls and floors of residential and commercial** areas.
The impressive effect of Charme Evo extends to the exterior areas by introducing **20mm** tiles designed for outdoor spaces. This is an additional benefit when designing settings that flow form the indoors to the outdoors with **continuity in color**.

# Precious **experience**

Charme Evo imparts a precious **contemporary feel** to **walls and floors**, exquisitely mirrored in the **selection of exclusive materials**. This impact increases when **different sizes and colors** are cleverly **combined** and emphasized by the deft use of **elegant mosaics**.

# Valuable **suggestions**

**Beauty, wellness and safety** are intrinsically linked in the design of **outdoor areas**. With its 20mm version, Charme Evo is the ideal solution for designing spaces with a **superb technical performance**, where safe, anti-slip surfaces are matched by the **highest level of aesthetic quality**.
The range of 20mm tiles includes many **special elements** that can give a finishing touch to any design project.

Sustainability

## ENERGY EFFICIENT

Tile's inherent thermal mass reduces peak heating and cooling, which helps moderate temperature swings in your home.

Sustainability

## ECO-FRIENDLY AND SAFE

Sustainability

## FLOOR HEAT FRIENDLY

Safety/Durability

## WATER PROOF

Tile is very compact and impervious therefore doesn't absorb. With tile you'll never have to worry about water.

Safety/Durability

## FIRE PROOF

Tile doesn't burn, melt or give off toxic fumes when exposed to fire.

Health

## PREVENT BACTERIA GROWTH

Tile is completely inhospitable to bacteria. That means no mold or mildew, and a healthier home for you.

Safety/Durability

## SCRATCH RESISTANT

Tile is strong, hard and resistant to most type of scratches.

Safety/Durability

## FADE RESISTANT

Tile is stable chromatically over time.

Safety/Durability

## DOESN'T BEND

Tile is hard and compact.

Health

## ZERO ALLERGENES

Tile is both hard and impervious therefore inhospitable to dust mites, bacteria, fungi, mold and other irritants.

Health

## ZERO FORMALDEHYDE

Formaldehyde is known to lead to an increased incidence of asthma. Tile has zero formaldehyde.

Health

## ZERO PVC ZERO VOC

Tile is completely PVC and VOC (volatile organic compound) free that means a healthier home for you.

Safety/Durability

## PET FRIENDLY

Tile is both dog and cat scratch proof.

Safety/Durability

## RESISTANT TO FROST

Tile is snow and ice proof.

Safety/Durability

## RESISTANT TO ACID

Easy care

## STAIN RESISTANCE

Easy care

## EASY TO KEEP CLEAN

Versatility

## FLOOR AND WALL

Tile is ideal for both floor and wall application indoor and outdoor.

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

This porcelain tile product is manufactured with a V2 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

### RECOMMENDED USE

Charme Evo is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential application. The use of Charme Evo, with exception of Frontier20 Michelangelo Extra White 24”x24” (20mm), is not recommended for outdoor application or horizontal exterior surfaces. We recommend an offset no greater than 30%, if a staggered pattern is required for tiles of 20” inches or longer. Landmark recommends the use of leveler for a proper installation.

### CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep Charme Evo tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots.

### WARRANTY

The Charme Evo Collection products will meet or exceed the performance specifications set out in ANSI A137.1- 2012 and in the performance specifications.

| PHYSICAL PROPERTIES | TEST ASTM | NORTH AMERICAN STANDARD A137.1* | RESULTS |
|---|---|---|---|
| Water absorption * | C373 | ≤ 0.5% | COMPLY WITH ANSI A137.1 |
| DCOF Average dynamic coefficient of friction ** | BOT 3000 test | ≥ 0.42 | ≥ 0.42 |
| Resistance to freeze/thaw cycling * | C1026 | As reported | RESISTANT |
| Warpage (edge) | C485 | Warpage ± 0.4% or ± 0.05 in | COMPLY WITH ANSI A137.1 |
| Warpage (diagonal) | C485 | Warpage ± 0.4% or ± 0.07 in | COMPLY WITH ANSI A137.1 |
| Wedging | C502 | ± 0.25% or ± 0.03 in | COMPLY WITH ANSI A137.1 |
| Chemical resistance | C650 | As reported | UNAFFECTED |
| Breaking strength | C648 | 250 lbf or greater | COMPLY WITH ANSI A137.1 |
| Thickness | C499 | Range: 0.04 in | COMPLY WITH ANSI A137.1 |

* Average values referred to our production and related to the matt finish of the product.
** As far as values relating to the matt finish of the product and to tests carried out by certified external laboratories whose results are avaible upon request at Headoffice, we are willing to check the lot you are interested in purchasing.
- Be sure to use tiles belonging to the same caliber.
- Test results are available on request.
- Landmark tiles can be slippery when wet. We recommend to make sure that the surface is always dry.
- The information provided can be subject to change. Please refer to **lcusa.com** for the latest, most accurate and up-to-date information.
